

SPLIT SYSTEMS FOR SPECIALITY AND EMERGENCY VEHICLES

TROPICCOOL

25052 SERIES CONDENSER

PERFORMANCE, RELIABILITY & LOOKS

Valeo provides the best performance and reliability for the application your vehicle requires by manufacturing several different condenser designs keeping in mind the speciality and emergency vehicle market.

BEST-BUS-CLIMATE.COM/US

25052 SERIES CONDENSER

HIGHLIGHTS

Design

- Designed to be skirt mounted
- High performance motors with extended brush life
- Fabricated from galvanized steel & covered in corrosion resistant epoxy for durability
- Inlet filter on condenser protects coil from contaminants

Environmental Friendliness

- High performance parallel flow condenser
- Highly efficient all aluminum micro channel coil

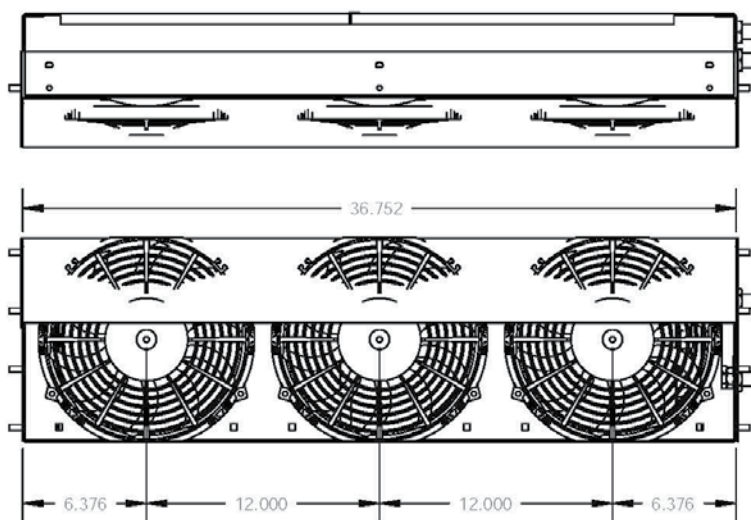

Features

- Three 10" diameter high performance fans covering a larger percentage of surface area on condenser coil

- Compact design allows for unit to be installed vertically in a variety of locations between the skirt and frame rail without having to cut the skirt
- Made to meet sprinter clearance guidelines

Key Components

- Coil: 11471740A
- Fan: 18000010A (3)

TECHNICAL DATA

Model		Power Consumption	Nominal Voltage	Dimensions W x H x D	Weight
25052	60,000 BTU/h	18 Amps	12V or 24V	37 x 10.5 x 8 in	36 lbs.
