Compact Cooler CC130

HIGHLIGHTS

- High cooling capacity
 - High air flow
 - Silent Operation
 - Low operation cost
 - Ozone friendly refrigerant
- Best ratio: Refrigeration capacity/ power consumption
 - Low cost of maintenance
 - One year warranty
- Optional:
Roof heating
Reheat function

TECHNICAL DATA

	CC130	
Max. Nominal Cooling Capacity (kW)	12.7 / 8.0 + 10%	14.5 / 8.4 + 10%
Air flow evaporator (free-blowing, m ³ /h)	2040	2040
Current consumption (12V/24V)	65A / 45A	65A / 45A
Refrigerant (CFC-free)	R134a	R134a
Compressor (cm ³)	165	215
Weight (roof top unit, kg)	42	42
Dimensions L x W x H (mm)	Evaporator - 1024 x 382 x 194 Condenser - 850 x 700 x 196	Evaporator - 1024 x 382 x 194 Condenser - 850 x 700 x 196
