

CC430

Powerful lightweight for hot and tropic countries

CC430 is designed to provide best climatic solution for hot and tropic countries in large bus application.

The unit is made for rugged conditions – in markets which are cost sensitive with simple service and maintenance due to its split design.

HIGHLIGHTS

ADVANTAGES

- Weight reduced by 20% from its preceding model
- Single central return grill
- Extreme low weight
- Developed with latest technology
- Easy maintenance and installation
- Intelligent automatic control with diagnostic

TECHNICAL DATA

	CC430
Max cooling capacity (kW)	43
Air flow volume (free-blowing) (m ³ /h)	6600
Max. ambient temperature (°C)	55
Nominal Current Consumption (24V DC)	102 A
Refrigerant (CFC Free)	R134a
Dimensions L x W x H (mm)	3,410 x 1,835 x 220
Compressor	650cc
Weight (kg)	175
